Areas of specialty

- Analytical Chemistry
- Physical Chemistry
- Organic Chemistry

Education and Training

- Lecturer/Senior Lecturer at NWU, Jan 2008 – May 2015
- Senior Lecturer at VUT June 2015 – to date

Research Interest

My main area of interest lies in the field of environmental analytical and physical chemistry. I am particularly interested:-

- (1) Water/Membrane Chemistry
- (2) Material Science
- (3) Sensors and Biosensors
