eduroam is a wireless network which enables students and staff to access the Internet in a secure manner.

It is available on all institutions of higher learning through your student/staff email.

Steps to achieve this:

1. Activate the Wi-Fi on your device.
2. Browse the available wireless networks.
3. Select "eduroam"
4. Enter your credentials.

NB: The eduroam Wi-Fi will soon be available on all campus, residence, and neighboring houses.
