kedie@vut.ac.za

To: Staff and Students
CC: N/A
From: Covid-19 Campus Biosafety Task Team
Date: 23 June 2022
Subject: **COVID-19 CAMPUS UPDATE**

Following the Covid-19 Campus Biosafety Task Team meeting held on Thursday, 23 June 2022 regarding the repeal of the Covid-19 regulations and the promulgation by the Minister of Health, MANCOM has approved the proposal that was submitted by the said Task Team to :

- * suspend the need to submit Event Management applications for events;
- * remove the need for wearing masks;
- * encourage staff and students to continue with sanitization at venues, maintaining basic health and safety measures;
- * implement and adhere to strict access control to all campuses through the activation of smart cards from mid July 2022;
- * manage access control of visitors via the Protection Services Department whereby departments inform them of visitors at least 24 hours prior to arrival. Access permits are no longer applicable.
- * encourage external stakeholders to book venues to host events at Quest Conference Estate henceforth.
- * encourage staff and students to book venues with the relevant departments prior to the date of events. Big gatherings **must** be approved by the Joint Operating Committee of the Sedibeng District Municipality to comply with the Disaster Management Act.

The Covid-19 Campus Biosafety Task Team thank all staff and students for the support and cooperation over the past two years. We worked together to minimize

the spread of the virus on campus and save lives. Our thoughts are with the families, colleagues and friends that lost their loved ones during the pandemic.

Kind regards

Issued on behalf the Covid-19 Campus Biosafety Task Team by

Ms K L Mokotsi

Executive Director: Advancement and Internationalisation (Acting)
