NOTICE 19: TO ALL STUDENTS IN PRIVATE ACCOMMODATION

Kindly find the list of the 2023 accredited private residences. As was indicated, the accreditation process of houses, communes and small buildings has been completed. Students should note that in terms of Circular 1 of 2023 NSFAS pays accommodation allowances **ONLY** for those NSFAS students who stay in accredited private accommodation.

There are currently over 1500 spaces available in accredited residences. Those students that still require accommodation should approach the listed residences. There will be no payment to any residence that is not accredited. Further, students are not allowed to transfer from one accredited building to another, unless there are exceptional circumstances that compel the Acting Director – Student Accommodation to grant the permission. The transfer may only take place after the permission is granted.

Students and landlords are urged to avoid entertaining ghost agents who pretend to speak on their behalf because that leads to fraudulent activities. There are landlords who allege that certain individuals are going around demanding money whilst promising them that their residences are going to be accredited. Disciplinary action will be taken against those culprits.

Kindly regards,

Student Accommodation Management
